

Serendipity and Science

International Neuropsychological Society
San Diego | February 1-4, 2023

1st Feb 2023

	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
9:00am - 12:00pm	CE Workshop 01: Mindfulness Meditation Induced Analgesia Engages Multiple Unique Brain Mechanisms -- Presenter: Fadel Zeidan Town & Country Ballroom B	CE Workshop 02: Bi/Multilingualism and its Impact on Stroke/Neurodegenerative Disease -- Presenter: Suvarna Alladi Town & Country Ballroom C	CE Workshop 03: Stroke in the Developing Brain: Mechanisms, Outcomes, and Intervention -- Presenter: Robyn Westmacott Town & Country Ballroom D			
12:00 - 12:55pm	INS Business Meeting Town & Country Ballroom B					
12:55 - 1:00pm						
1:00 - 2:45pm	CE Workshop 04: Cancer Survivorship Across the Lifespan: Mechanisms and Modifiable Factors -- Presenter: Kevin Krull Town & Country Ballroom B	CE Workshop 05: Technology and Cognition: Examining new trends and opportunities for neuropsychology -- Presenter: Maria T. Schultheis Town & Country Ballroom C	CE Workshop 06: The Cumulative Burden of Congenital Heart Disease Across the Lifespan: Implications for Neuropsychologists in Pediatrics Through Geriatrics -- Presenters: Adam R. Cassidy, Jacqueline H. Sanz, Kelly R. Wolfe Town & Country Ballroom D			
2:45 - 4:00pm				Poster Session 01: Medical Neurological Disorders Neuropsychiatry Psychopharmacology Town & Country Foyer		
4:00 - 4:15pm						
4:15 - 4:30pm	Program Welcome by Co-Chairs: Julie Bobholz and Sakina Butt Pacific Ballroom A					
4:30 - 5:25pm	Plenary A: Presidential Address: Anesthesia: A Wake-Up Call. Part 2. Developmental Risk or Resilience? --- Presenter: Ida Sue Baron Pacific Ballroom A					
5:25 - 5:30pm						
5:30 - 6:30pm	INS Awards Ceremony Pacific Ballroom A					
6:30 - 7:30pm	Reception Flamingo Lawn					

Serendipity and Science

International Neuropsychological Society
San Diego | February 1-4, 2023

2nd Feb 2023

	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
7:20 - 7:30am	CE Workshop 07: Cognitive Effects of Cancer and Treatment: "Chemobrain" and Beyond -- Presenter: Brenna C. McDonald Town & Country Ballroom B	CE Workshop 08: Theory and Practice in the Design and Evaluation of Cognition-Oriented Treatments in Aging and Dementia -- Presenter: Alex Bahar-Fuchs Pacific Ballroom A				
7:30 - 8:30am			Student Liaison Committee (SLC) Student Welcome Pacific Ballroom C			
8:30 - 8:45am						
8:45 - 8:50am			Paper Session 01: Multi-cultural and diversity topics in adult populations Town & Country Ballroom C			
8:50 - 9:00am						
9:00 - 9:30am	Symposium 01: Neuropsychological Outcomes Following Pediatric Stroke: Research Trends and Advances Pacific Ballroom A	Symposium 02: Current Directions in Women's Neuropsychology Research Town & Country Ballroom B		Paper Session 02: Aging topics: section 1 Town & Country Ballroom D	Paper Session 03: Parkinson's disease related topics Pacific Ballroom E	
9:30 - 10:30am						
10:30 - 10:40am	Coffee Break Exhibit Hall - Town & Country Ballroom A					Poster Session 02: Acute & Acquired Brain Injury Town & Country Foyer
10:40 - 10:45am						
10:45 - 11:40am	Plenary C: Developing Tools for Global Neuropsychological Assessment --- Presenter: David J. Schretlen Pacific Ballroom A					
11:40 - 11:45am	5 min. break					
11:45am - 12:00pm	INS Student Liaison Committee Panel 01: Careers in Neuropsychology: Identifying and Pursuing Your Dream Job -- Presenters: Robert M. Bilder, Bernice Marcopolus, Michelle Miranda and Shifali Singh Pacific Ballroom A	Tribute to Michael Corballis and David Garron Town & Country Ballroom B	Symposium 03: Neural Correlates of Spontaneous Cognition and Implications for Adaptive and Maladaptive Cognition Town & Country Ballroom C	Symposium 04: Innovative Ways of Applying Digital Technology in Neuropsychology - A Sneak Peak into the Future Town & Country Ballroom D	Paper Session 04: Multi-cultural and diversity topics in pediatric populations Pacific Ballroom E	
12:00 - 1:15pm						
1:15 - 2:15pm	Lunch (on own)					

2:15 - 2:30pm	Symposium 05: Out of the Box: Various Careers and Experiences in Neuropsychology Pacific Ballroom A	Symposium 06: Perioperative Neurocognitive Disorders With Considerations for Alzheimer's Disease and Related Dementias Town & Country Ballroom B	Paper Session 05: Head trauma and stroke related topics Town & Country Ballroom C	Paper Session 06: Epilepsy related topics Town & Country Ballroom D	Paper Session 07: Cancer in pediatric populations Pacific Ballroom E	
2:30 - 3:45pm						Poster Session 04: Aging MCI Town & Country Foyer
3:45 - 4:00pm	Coffee Break Exhibit Hall - Town & Country Ballroom A					
4:00 - 4:15pm	Invited Symposium 1: Traumatic Brain Injury: Highlighting the Contributions of Dr. Harvey S. Levin Ph.D., ABPP-CN, FACS 1946 - 2022 -- Chair: Maya Troyanskaya Presenters: Randall Scott Scheibel, Felicia C. Goldstein, Linda Ewing-Cobbs, Erin D. Bigler, Elisabeth A. Wilde Pacific Ballroom A	Symposium 07: Early Development in Infants and Toddlers with Agenesis of the Corpus Callosum Town & Country Ballroom B	Paper Session 08: Alzheimer's disease related topics Town & Country Ballroom C	Paper Session 09: Parkinson's disease and Multiple Sclerosis topics Town & Country Ballroom D	Early Career Award Presentation -- Yakeel Quiroz -- Taking it to the extreme: The search for determinants of cognitive vulnerability and resilience in children with autosomal dominant Alzheimer's disease Pacific Ballroom E	Poster Session 05: Neuroimaging Neurophysiology Neurostimulation Technology Cross Cultural Multiculturalism Career Development Town & Country Foyer
4:15 - 4:30pm					Lifetime Achievement Award in Research Presentation -- Vicki Anderson -- Is research only about the science? A career studying early brain insult Pacific Ballroom E	
4:30 - 5:25pm						
5:25 - 5:30pm	5 min. break					
5:30 - 6:30pm	Plenary B: The Pons is a Significant Neural Correlate of Affective Processing --- Presenter: Tatia M.C. Lee Pacific Ballroom A					
6:30 - 8:00pm						
8:00 - 9:30pm	Student Liaison Committee (SLC) Student Social Event Palm Rooms 1-5 and Palm Lawn					

Serendipity and Science

International Neuropsychological Society
San Diego | February 1-4, 2023

3rd Feb 2023

	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
7:20 - 8:50am	CE Workshop 09: Cast Aside Traditional Notions of Statistical Significance, and Focus Instead on Characterizing the Magnitude of Effects that are Clinically or Scientifically Relevant -- Presenter: Robert Ploutz-Snyder Town & Country Ballroom B	CE Workshop 10: Advances in Event-Related Potential Methods for Assessing Clinical Populations -- Presenter: Steven J. Luck Pacific Ballroom A				
8:50 - 8:55am						
8:55 - 9:00am	5 min. break					
9:00 - 10:00am	Plenary D: (Birch Memorial Lecture) Networking towards a Global Neuropsychology: An Invitation to Action --- Presenter: Deborah Koltai Pacific Ballroom A					
10:00 - 10:15am	Coffee Break Exhibit Hall - Town & Country Ballroom A					
10:15 - 11:15am	Invited Symposium 2: The Need for a Highly Individualized Approach to Brain Mapping: Neuroanatomical, Lifespan and Cultural-Language Considerations -- Chair: David S. Sabsevitz Presenters: Madison Berl, Monika Połczyńska Pacific Ballroom A	Symposium 08: Neuropsychological Considerations for Alzheimer's Disease Clinical Trials Town & Country Ballroom B	Paper Session 10: Pediatric topics Town & Country Ballroom C	Paper Session 11: Psychiatric issues in Neuropsychology Town & Country Ballroom D	Mid Career Award Presentation -- Sharon Naismith -- Optimising cognition in at-risk older people: A journey of discovery, clinical research and health translation. Pacific Ballroom E	Poster Session 06: Memory Movement Disorders Neurodegenerative Disorders Demyelinating Disorders Sleep Disorders Town & Country Foyer
11:15 - 11:30am						
11:30 - 11:40am						
11:40 - 11:45am	5 min. break					
11:45am - 12:45pm	Plenary E: Learning from patients: people who have changed my way of thinking --- Presenter: Barbara Wilson Pacific Ballroom A					

12:45 - 1:45pm	Lunch (on own)					
1:45 - 3:00pm	INS Student Liaison Committee Panel 02: Navigating Professional Transitions in Neuropsychology: The Journey from Student to Professional -- Presenters: Cady Block, Christine DiBlasio, Neil Pliskin and Talia Robinson Pacific Ballroom A	Symposium 09: Neuropsychological Test Translation, Adaptation, and Development Part 2: Lessons learned from Vietnam, India, Australia, and the INS Cultural SIG Town & Country Ballroom B	Symposium 10: Information Processing Speed: Applications to Cognitive Rehabilitation after Multiple Sclerosis, Stroke, and Long COVID Town & Country Ballroom C	Paper Session 12: Assessment related topics Town & Country Ballroom D	Paper Session 13: Neuroanatomy Neuroimaging topics Pacific Ballroom E	Poster Session 07: Developmental Pediatrics Town & Country Foyer
3:00 - 3:15pm						
3:15 - 3:30pm	Coffee Break Exhibit Hall - Town & Country Ballroom A					
3:30 - 4:45pm	Invited Symposium 3: Pediatric Neuropsychology Medical Advances and Life Span Outcomes -- Co-Chairs: Celiane Rey-Casserly and Lana Harder Presenters: Adam R. Cassidy, Andrew Heitzer, Jennifer Longoria Pacific Ballroom A	Symposium 11: Military TBI: Neural and Clinical Correlates of Cognitive Function Town & Country Ballroom B	Paper Session 14: Aging topics: section 2 Town & Country Ballroom C	Paper Session 15: Memory topics Town & Country Ballroom D	Paper Session 16: Neurology Neuroanatomy HIV Pacific Ballroom E	Poster Session 08: Assessment Psychometrics Noncredible Presentations Forensic Town & Country Foyer
4:45 - 4:55pm						
4:55 - 5:00pm	5 min. break					
5:00 - 6:00pm	Plenary F: Timing of Influences on Brain and Cognition: a Lifespan Perspective --- Presenter: Kristine Beate Walhovd Pacific Ballroom A					

Serendipity and Science

International Neuropsychological Society
San Diego | February 1-4, 2023

4th Feb 2023

	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
7:20 - 8:50am	CE Workshop 11: The Cognitive Contraindications, Complications and Costs of Epilepsy Surgery -- Presenter: Sallie Baxendale Town & Country Ballroom B	CE Workshop 12: Magnetic Resonance Spectroscopy for in vivo Assessment of Neurochemistry in Neuropsychology Research -- Presenter: Jamie Near Pacific Ballroom A				
8:50 - 9:00am						
9:00 - 10:15am	Invited Symposium 4: Innovations in Infant, Toddler, and Young Child Neuropsychological Models of Care -- Chair: Natasha N. Ludwig Presenters: Peter Anderson, Gwendolyn Gerner, H. Gerry Taylor, Tricia Williams Pacific Ballroom A	Symposium 12: Ebbinghaus' Legacy: Neuropsychological Studies of Long-Term Forgetting Town & Country Ballroom B	Symposium 13: Addressing Challenges in the Digital Assessment of Cognition: The Mobile Toolbox for Monitoring Cognitive Change Town & Country Ballroom C	Paper Session 17: Aging topics: section 3 Town & Country Ballroom D	Paper Session 18: Lifestyle and interventions in Neuropsychology Pacific Ballroom E	Poster Session 09: Psychiatric Disorders Mood & Anxiety Disorders Addiction Social Cognition Cognitive Neuroscience Emotional and Social Processing Town & Country Foyer
10:15 - 10:30am						
10:30 - 10:45am	Coffee Break Exhibit Hall - Town & Country Ballroom A					
10:45am - 12:00pm	Symposium 14: Patterns of Learning Performance on List Learning Tasks: Do They Mitigate Gender Differences in Memory? Pacific Ballroom A	Symposium 15: Impact of Environmental Contaminants on Child Neurodevelopment Town & Country Ballroom B	Paper Session 19: Aging topics: section 4 Town & Country Ballroom C	Paper Session 20: COVID related topics Town & Country Ballroom D		Poster Session 10: Late Breaking Science Town & Country Foyer
12:00 - 12:10pm						
12:10 - 12:15pm	5 min. break					
12:15 - 1:15pm	Plenary G: The Faithful Brain --- Presenter: Jordan Grafman Pacific Ballroom A					
1:15 - 1:30pm	Closing Remarks Pacific Ballroom A
